FULL SERVICE PROVIDER

PSC is the complete full service provider of strategic advisory services. Our people bring end-to-end experience in development, implementation and operational aspects of electricity and energy assets.

APPLIED EXCELLENCE

PSC's Strategic Advisory group offers clients objective and applied excellence. Our team of senior consultants are key leaders from each of our core business areas. This means PSC offers practical electricity industry experience underpinned by proven credentials and knowledge. These attributes ensure the solutions we recommend, whilst theoretically sound, remain grounded in the real world and focused on adding genuine value.

THE POWER KNOWLEDGE NETWORK

PSC has a global network of highly mobile specialist consultants. Our people are globally connected and work seamlessly with our clients in a collegial, accessible and professional manner. They bring expertise across all the key electricity sector fields, including operational technologies, market systems, power networks and HVDC.

VENDOR NEUTRALITY AND EXPERTISE

PSC is vendor neutral. This ensures our advice is genuinely impartial. PSC strategists combine an intimate grasp of the electricity industry's specific requirements coupled with an appreciation of multi-vendor solutions. This means that the recommendations we make are optimised to provide the best solution to your business.

THE VALUE EQUATION

The sum of what PSC offers is greater than its parts - enduring client partnerships based on mutual trust and respect; and built on expert, objective advice and services that deliver measurable value, aligned to client objectives.
